Further, the employment of the Whole Time Director may be terminated by the Company without notice or payment in lieu of notice, if he is found guilty of any gross negligence, default or misconduct in connection with or affecting the business of the Company or in the event of any serious or repeated or continuing breach (after prior warning) or non-observance by him of any of the stipulations, instructions of the Board or in the event the Board expresses its loss of confidence in the Whole Time Director.

- (e) The terms and conditions of appointment of Whole Time Director also include clauses pertaining to adherence to the Company's Code of Conduct, protection and use of intellectual property, non-competition, non-solicitation post termination of agreement and maintenance of confidentiality etc.

The profile and specific areas of expertise of Mr. Pankaj are provided as **Annexure A** to this Notice.

In compliance with the provisions of Section 196, 197, 203 and other applicable provisions of the Act, read with Schedule V to the Act as amended, and based on the recommendation of the Board and the Nomination and Remuneration Committee, approval of the Members is sought for the appointment and remuneration of Mr. Pankaj as Whole Time Director as set out above. The Board recommends the Resolution set forth in Item No. 3 for the approval of Members.

None of the Directors or Key Managerial Personnel of the Company and/or their relatives except Mr. Pankaj, to whom the resolution relates, is concerned or interested, financially or otherwise, in the resolution set out at Item No. 3 of the Notice, except to the extent of their shareholding, if any.

**ITEM NO. 4 and 5**

To support Company's business operations, the company requires funds and these funds are generally raised from various Banks and/or Financial Institutions and/or any other lending institutions and/or foreign lender and/or any other body corporate/entity/entities and/or authority/authorities and/or through suppliers credit, any other securities or instruments, such as floating rate notes, fixed rate notes, syndicated loans, debentures, commercial papers, short term loans or any other instruments etc. and/or through credit from of official agencies and/or by way of commercial borrowings from the private sector window of multilateral financial institution, either in rupees or in such other foreign currencies as may be permitted by law from time to time, which, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) may exceed the aggregate of the paid-up capital and the free reserves of the Company. Hence it is proposed to increase the maximum borrowing limits upto Rs.250 crores (Rupees Two Hundred and Fifty Crores only).

In term of section 180(1)(c) of the Companies Act, 2013, the Board of Directors cannot borrow more than the aggregate amount of the paid-up capital of the Company and its free reserves at any one time except with the consent of the members of the Company obtained by mean of passing a special resolution in a general meeting.

Further, to secure the borrowing made by the Company, the company is generally asked to create charge on certain assets or whole of the undertaking of the Company. Section 180(1)(a) of the Companies Act, 2013 empowers the Board of Directors to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company subject to the approval of members in the general meeting.

Hence, it proposed to seek necessary members approval to borrow money from any bank, financial institutions, bodies corporate or business associates or through permitted channel in excess of paid up capital and free reserves of the company by a sum not exceeding Rs.250 crores and creation of security through mortgage or pledge or hypothecation or otherwise or through combination for securing the limits as may be sanctioned by the lenders, for the loans to be sanctioned by any one or more company's bankers and /or by any one or more persons, firms, bodies corporate, or financial institutions or banks, the Company would be required to secure all or any of the Current assets, moveable properties of the Company present and future.

The management is contemplating new and expansive business plans and thus we are seeking members approval for smooth and efficient implementation of Company's proposed business plans.

The resolution as set out at item No. 4and 5 of the notice is placed for your approval of the aforesaid limits of borrowing by the board up to an amount not exceeding Rs.250 crores.

**ITEM NO. 6**

To ensure continuous business operation without any interruption, approval of the shareholders is being sought, to enter into related party transaction(s) with related party(s) as defined under within the meaning of Section 2(76) of the Companies Act, 2013 and Regulation 2(1)(zb) of the SEBI Listing Regulations, to avail and provide any service and for purchase and sale of goods and material for an amount of Rs.25 crore during Financial Year 2023-24. Approval being sought for Financial Year 2023-24 as per the requirements of Regulation 23(4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), all material related party transactions shall require the approval of Members through a Resolution. Further, the explanation to Regulation 23(1) of the SEBI Listing Regulations states that a transaction with a related party shall be considered material if the transaction(s) to be entered into individually or taken together with previous transactions during the financial year, exceeds 10% of the annual consolidated turnover of the Company as per the last audited financial statements of the Company. The estimated value of transaction with related party(s) for Financial Year 2023-24 will be Rs. 25 crore, which would not breach the materiality threshold of 10% of the annual turnover of the Company as per last audited financial statements of FY 2022-23. Hence, approval of the members is not mandatory. Though, to ensure uninterrupted operations of the Company,

it is proposed to secure shareholders' approval voluntarily for the related party contracts/ arrangements to be entered into with related party(s) during Financial Year 2023-24, as mentioned in Item no. 6 of the Notice. The Board recommends the special resolution set forth at Item No. 6 of the Notice for approval of the Members. None of the Directors or Key Managerial Personnel of the Company and/or their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 of the Notice, except to the extent of their shareholding, if any.

## **BUSINESS OVERVIEW**

Your Company is currently engaged in NBFC and Financial activities. The Company intends to continue focusing on NBFC activities including financing, Inter- corporate Investments & Capital Market activities. The Company continues to enhance its business operations by ensuring that our network of customers increases through our marketing efforts.

We intend to remain diversified in our loan book by strategically focusing on adjacent high growth and profitable lending businesses and further expand our lending and other businesses. We intend to continue to focus on developing a diversified funding model to achieve optimal cost of funds while balancing liquidity and concentration risks. As our cost of borrowings is determined by our financial discipline and business performance, we intend to source funding at competitive rates. In particular, with respect to our credit business, a decrease in cost of borrowings will enable us to price our products in a more competitive manner. We intend to further diversify and strengthen our profile, strategically adding additional funding resources.

We intend to continue to grow our loan portfolio by expanding our network through the addition of new branches. A good reach to customers is very important in our business. Increased revenue, profitability and visibility are the factors that drive the branch network. Our strategy for branch expansion includes further strengthening our presence in various parts of India by providing higher accessibility to customers.

### EFFECT OF COVID-19 PANDEMIC

The beginning of financial year 2022-23 (FY2023) was once again dominated by the COVID-19 pandemic as new waves of infection swept across the world. The highly transmissible variant 'Omicron' (the third wave) spread rapidly across the world. During this wave, India's daily number of reported cases peaked. Faced with the prospect of yet more lockdowns, there was fear that the world would face yet another year of slow economic growth. Fortunately, while highly transmissible, Omicron was not as lethal as Delta. So, while many got infected, fatality rate was fortunately low.

This pandemic has inflicted enormous pain and suffering to individuals and corporates alike across the world. However, it gave the world an opportunity to reinvent itself to adapt to new ways of life and business. COVID-19 was a real test of resilience and agility for every business. Corporations that have successfully adapted the challenges thrown by COVID-19 have become more resilient and prepared to weather future disruptions. It was not just the corporate sector that has been forced to rapidly adapt. Public services organisations, regulators, governments, and local administrations have demonstrated their potential to adapt and overcome.

## **IMPACT OF COVID-19 ON NON-BANKING FINANCIAL SECTOR**

COVID-19 pandemic led to a slowdown in the economic activity across the globe. To curb the increasing infection, several countries-imposed lockdowns to a varying degree. Due to these lockdowns and the subsequent restriction in mobility, business across the world got impacted. One of the worst hit sectors the NBFC lending business.

The COVID-19 pandemic has deeply impacted the NBFC sector. As the impact on the real sector spilled over to financial markets, NBFCs witnessed a sharp drop in collections and disbursements and a substantial increase in the cost of their borrowings even as access to market funding became restricted. The provision of moratorium also had an impact on their cash inflows, resulting in reduction in collections. Timely measures on monetary, fiscal, and regulatory fronts by the Reserve Bank and the government aided their revival, eased financial conditions and bolstered market sentiments. From FY 2020-21 onwards, the situation improved, aided by policy support. Many NBFCs also recalibrated their business strategies, leveraging on digital technology with a strong emphasis on data analytics. The NBFC sector faced headwinds again when the second wave hit the country by March 2021. With the passing of the second wave, the outlook is brightening again; however, downside risks remain significant.

NBFCs have a competitive edge in their superior understanding of regional dynamics, well-developed collection systems and personalised services in the drive to expand financial inclusion in India. Lower transaction costs, quick decision making, customer orientation and prompt provision of services have typically differentiated NBFCs from banks. The reach and last mile advantages of NBFCs have empowered them with agility, innovation and a cutting edge in providing formal financial services to underbanked and unserved sections of the society.

## **GLOBAL ECONOMY AT LARGE**

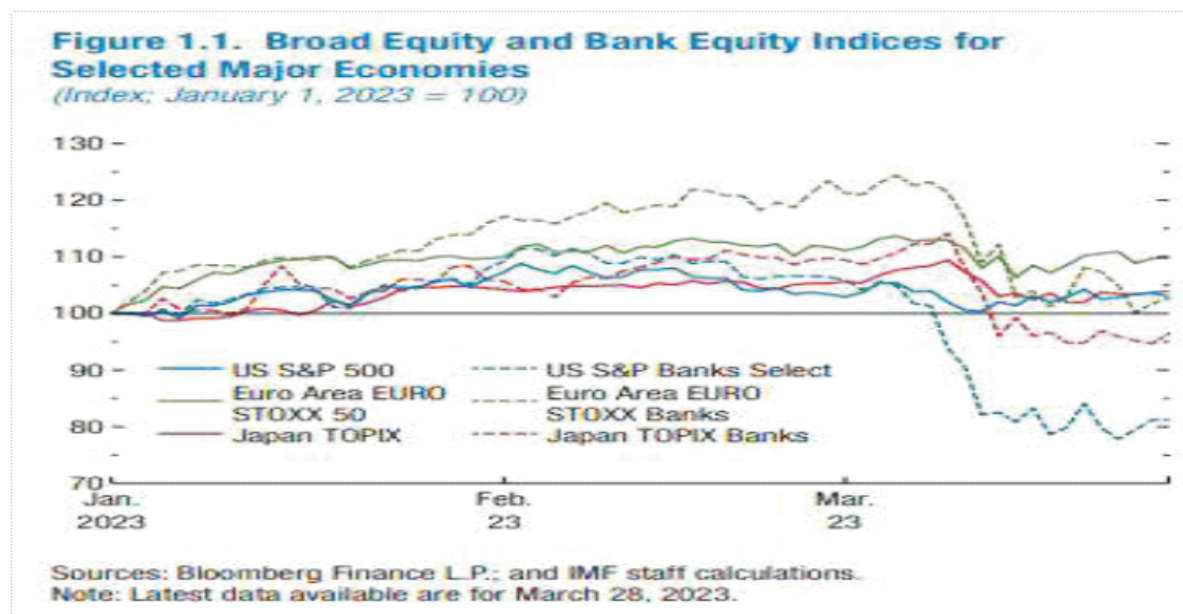

The global economy is yet again at a highly uncertain moment, with the cumulative effects of the past three years of adverse shocks most notably, the COVID-19 pandemic and Russia's invasion of Ukraine manifesting in unforeseen ways. Spurred by pent-up demand, lingering supply disruptions, and commodity price spikes, inflation reached multidecade highs last year in many economies, leading central banks to tighten aggressively to bring it back toward their targets and keep inflation expectations anchored.

Although telegraphed by central banks, the rapid rise in interest rates and anticipated slowing of economic activity to put inflation on a downward path have, together with supervisory and regulatory gaps and the materialization of bank-specific risks, contributed to stresses in parts of the financial system, raising financial stability concerns. Banks' generally strong liquidity and capital positions suggested that they would be able to absorb the effects of monetary policy tightening and adapt smoothly. However, some financial institutions with business models that relied heavily on a continuation of the extremely low nominal interest rates of the past years have come under acute stress, as they have proved either unprepared or unable to adjust to the fast pace of rate rises.

The unexpected failures of two specialized regional banks in the United States in mid-March 2023 and the collapse of confidence in Credit Suisse a globally significant bank have roiled financial markets, with bank depositors and investors re-evaluating the safety of their holdings and shifting away from institutions and investments perceived as vulnerable. The loss of confidence in Credit Suisse resulted in a brokered takeover. Despite strong policy actions to support the banking sector and reassure markets, some depositors and investors have become highly sensitive to any news, as they struggle to discern the breadth of vulnerabilities across banks and nonbank financial institutions and their implications for the likely near-term path of the economy. Financial conditions have tightened, which is likely to entail lower lending and activity if they persist.

With the recent increase in financial market volatility and multiple indicators pointing in different directions, the fog around the world economic outlook has thickened. Uncertainty is high, and the balance of risks has shifted firmly to the downside so long as the financial sector remains unsettled. The major forces that affected the world in 2022 central banks' tight monetary stances to allay inflation, limited fiscal

buffers to absorb shocks amid historically high debt levels, commodity price spikes and geo-economic fragmentation with Russia's war in Ukraine, and China's economic reopening seem likely to continue into 2023.

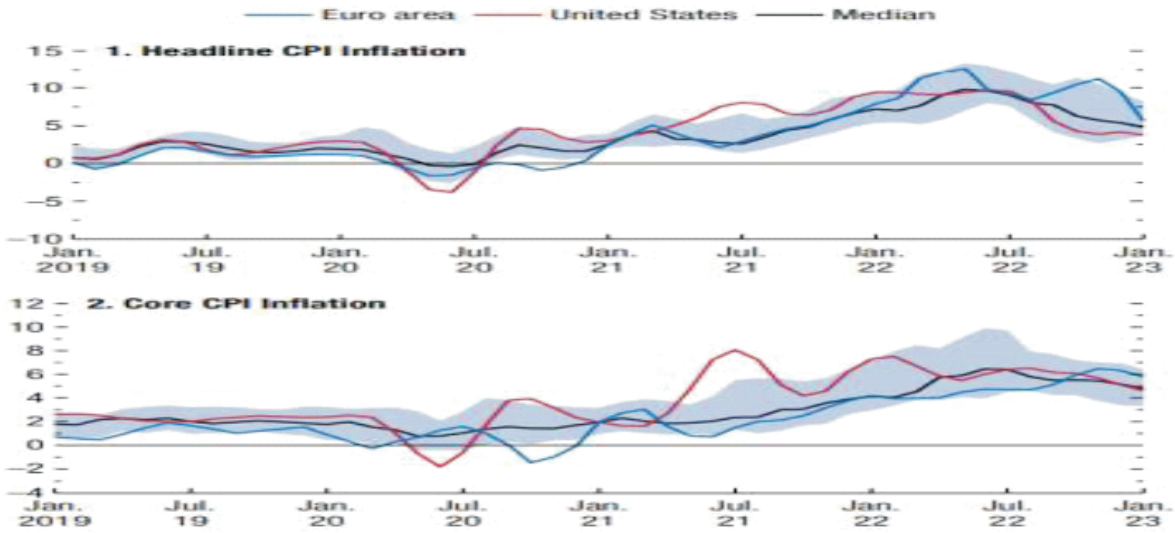

### Inflation Is Declining with Rapid Rate Rises but Remains Elevated amid Financial Sector Stress

Global headline inflation has been declining since mid-2022 at a three-month seasonally adjusted annualized rate (Figure 1.3). A fall in fuel and energy commodity prices, particularly for the United States, euro area, and Latin America, has contributed to this decline. To dampen demand and reduce underlying (core) inflation, the lion's share of central banks around the world have been raising interest rates since 2021, both at a faster pace and in a more synchronous manner than in the previous global monetary tightening episode just before the global financial crisis. This more restrictive monetary policy has started to show up in a slowdown in new home construction in many countries. Inflation excluding volatile food and energy prices has been declining at a three-month rate although at a slower pace than headline inflation in most (though not all) major economies since mid-2022.

The effects of earlier cost shocks and historically tight labor markets are also translating into more persistent underlying price pressures and stickier inflation. The labor market tightness in part reflects a slow post-pandemic recovery in labor supply, with, in particular, fewer older workers participating in the labor force (Duval and others 2022). The ratios of job openings to the number of people unemployed in the United States and the euro area at the end of 2022 were at their highest levels in decades. At the same time, the cost pressures from wages have so far remained contained despite the tightness of labor markets, with no signs of a wage-price spiral dynamic in which both wages and prices accelerate in tandem for a sustained period taking hold. In fact, real wage growth in advanced economies has been lower than it was at the end of 2021, unlike what took place in most of the earlier historical episodes with circumstances similar to those prevailing in 2021, when prices were accelerating and real wage growth was declining, on average.

Inflation expectations have so far remained anchored, with professional forecasters maintaining their five-year ahead projected inflation rates near their pre-pandemic levels. To ensure this remains the case, major central banks have generally stayed firm in their communications about the need for a restrictive monetary policy stance, signaling that interest rates will stay higher for longer than previously expected to address sticky inflation.

In October 2021, RBI decided to classify NBFCs based on size and risk perception using Scale Based Approach. The Filtering Process by segregating NBFCs into four categories namely NBFC Base Layer (BL), NBFC Middle Layer (ML), NBFC Upper Layer (UL), and NBFC Top Layer (TL).

## CLASSIFICATION OF NBFCs

NBFC BL	NBFCs with asset size of not more than Rs. 10 billion, Type 1 NBFC, Peer to Peer (P2P), Account Aggregator (AA), and Non-Operative Financial Holding Company (NOFHC)
NBFC ML	NBFC-ND that are systematically important (SI) having an asset size of less than Rs. 10 billion and also NBFC-HFCs, IFCs, IDFs, CICs, and Standalone Primary Dealers irrespective of their asset size
NBFC UL	Top NBFCs to be filtered based on their size & leverage, inter-connectedness, complexity, and superior inputs (including group structure, liability mix, and segment penetration).
NBFC TL	Top Layer will remain empty unless RBI takes a view on specific NBFCs in the Upper Layer

Additionally, Investment and Credit Companies (NBFC-ICC), Micro Finance Institution (NBFC-MFI), NBFC-Factors and Mortgage Guarantee Companies (NBFC-MGC) that can be classified under any layer of the regulatory structure depending on the parameters of the scale based regulatory framework. Government owned NBFCs can only be classified under base layer or middle layer.

Further, as per RBI's notification as on October 11, 2022 titled "Multiple NBFCs in a Group: Classification in Middle Layer". NBFCs that are part of a common Group or are floated by a common set of promoters are required to be viewed on a consolidated basis. For the consolidation of assets of the NBFCs in a Group, the total assets of all the NBFCs in a Group shall be consolidated to determine the threshold for their classification in the Middle Layer.

## **INDIA'S FINANCIAL SERVICES SECTOR**

Wide-ranging financial sector reforms in India were introduced as an integral part of the economic reforms initiated in the early 1990s. Financial sector reforms in India were grounded in the belief that competitive efficiency in the real sectors of the economy will not be realized to its full potential unless the financial sector was reformed as well.

Non-banking financial sector grew rapidly, but there was no regulation of their asset side. Financial markets were characterized by control over pricing of financial assets, barriers to entry, high transaction costs and restrictions on movement of funds/participants between the market segments. Apart from inhibiting the development of the markets, this also affected their efficiency.

Reforms in financial markets focused on removal of structural bottlenecks, introduction of new players/instruments, free pricing of financial assets, relaxation of quantitative restrictions, improvement in trading, clearing and settlement practices, more transparency, etc. Reforms encompassed regulatory and legal changes, building of institutional infrastructure, refinement of market microstructure and technological upgradation. In the various financial market segments, reforms aimed at creating liquidity and depth and an efficient price discovery process.

## **OVERVIEW OF THE NON-BANKING FINANCIAL INSTITUTIONS**

Non-Banking Lenders have witnessed exponential growth in the last decade driven largely by regulatory reforms and their ability to cater to unbanked areas through innovative products and service delivery mechanisms. This was further supported by their effective collection platforms. Today, non-bank lenders constitute about 25% (over INR 35.9 lakh crore as on Sept-2019) of the systemic credit outstanding and have financed over 10 crore customers drawing strength from their extensive footprint largely in rural and semi-urban areas (70% of total branches).

Non-bank lenders form an integral part of the Indian financial ecosystem. They provide underbanked / unbanked individuals and MSMEs an opportunity to be a part of the financial mainstream. They have been successful in bridging the credit gap for the entire spectrum of customers ranging from high ticket structured loans to corporates / HNIs to microfinance customers, due to their higher risk underwriting capacity, superior credit assessment skills and deep understanding of customers. They have emerged as a vehicle for financing business activities that Banks neglected due to regulatory restrictions such as credit exposure constraints and sector concentration norms.

Non-bank lenders collaborate with banks through various modes like securitization, on-lending, and business correspondents to complement credit dissemination by underwriting small ticket loans to the agriculture sector and MSMEs. Over the years, non-bank lenders have also acquired a skill-based arbitrage over banks due to continuous innovation in their business model and processes that rely on surrogate non-financial information, use of third-party sales channels and collection processes.

Furthermore, non-bank lenders have gained market share from banks in key segments such as retail consumer loans, lending to micro small enterprises, vehicle loans and housing loans. They have been able to capture share by catering to underserved and unbanked customer segments.

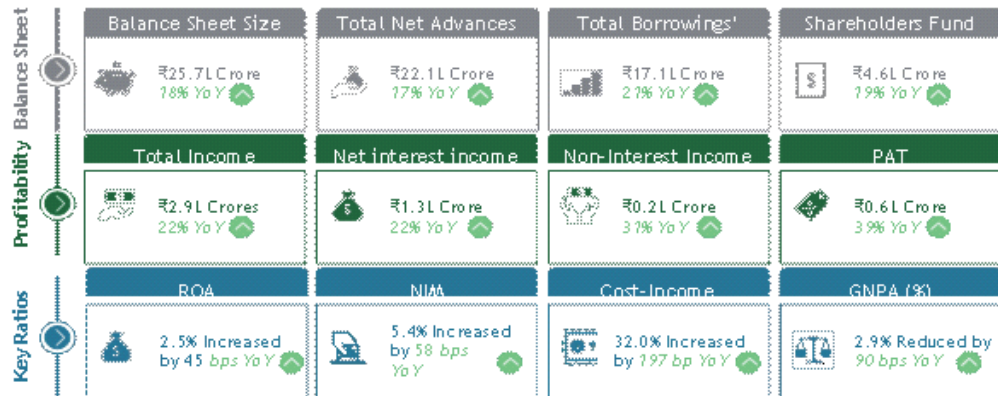

However, over the past two years, the non-banking finance sector came under stress due to multiple adverse events which impacted growth and profitability. COVID-19 has further amplified the stress in the system. Loan volumes for most of the non-bank lenders have come down considerably, particularly for lenders who are directly competing with banks and have limited pricing power.

Non-bank lenders play an important role in the economy by financing micro and small-scale industries (informal sector) and provide employment and entrepreneurial opportunities at a ground level. Banks prefer lending to entities with stronger balance sheets or to lower risk segments such as the salaried class of people. Non-bank lenders support financially weaker sections of society by channelizing financial resources to capital formation. A large share of their assets (45%) is deployed into retail, MSME and vehicle finance segments.

Vehicle loans credit, the largest segment in retail loans, witnessed reduction in share during 2020-21 owing to disruption of activity while the share of lending against gold doubled.

### ADVIK CAPITAL LENDING POLICY

The standard process adopted by the company from sourcing to collection is summarised as under:

#### 1. Credit Appraisal Process The credit appraisals are based on;

- **Need for credit** : the borrower's need for credit will be assessed, as per the context of the product segment. The intent is to ensure that the credit is targeted for use in a constructive way, to improvements to the borrower's earning or to improve the quality of life.
- **Affordability** : an assessment of the borrower's ability to service the loan will be conducted in all cases. While the assessment methodology may vary across product, the intent is always to set product features such as the disbursement amount and tenure such that the loan is affordable (within the context of the product).
- **Credit rating** : the borrower's credit history, and track record in managing debt, will be considered in all applications.

2. **Credit Pricing** - Credit will be priced after considering our cost of funds, expected credit cost and the operational cost. Pricing may be varied through the term of the loan or credit facility, based on product needs. In addition to fixed rate loans, interest rates may be floating and reset to reflect market conditions during the term of the loan.
3. **Security, insurance and charge** We may require creation of enforceable charge over the borrower's/ third party assets in favour of our Company, before the disbursement of a loan.
4. **Credit Administration and Monitoring** - We have a credit administration and monitoring framework which enables us to effectively identify and mitigate risks associated with clients' portfolios and mark such account as early stressed account and if required limit the exposure and/or accelerate the repayment schedule of the loan of such client.
5. **Collections and Recoveries** We expect our clients to regularly serve the interest portion and /or the Principal amount; failing which we are required to move legally against such defaulting client.

## OUR BUSINESS STRATEGY

### Maintain and Expand Long-term Relationships with Clients

Our Company believes that business is a by-product of relationship. The business model is based on client relationships that are established over period of time rather than a project-based execution approach. Our Company believes that long-term client relationship fetches better dividends. Long-term relations are built on trust and continuous satisfaction of the customers. It helps understanding the basic approach of our Company, its products and its market. It also forms basis of further expansion for our Company, as we are able to monitor a potential product/ market closely.

### Leveraging of our Marketing Skills and Relationships

We continue to enhance our business operations by ensuring that our network of customers increases through our marketing efforts. Our core competency lies in our deep understanding of our customers' buying preferences and behavior, which has helped us in achieving customer loyalty. We endeavor to continuously improve the product mix offered to the customers as well as strive to understand and anticipate any change in the expectation of our clients towards our products.

### Diversified credit profile, strong credit evaluation and risk management systems

We seek to diversify our credit risk and ensure that no individual credit product contributes a large portion to our overall credit book. We believe that this mitigates the risk of concentration to any particular product or sector and helps us to manage our risk exposure in a more effective manner.

### Diversify our assets and liabilities

We intend to remain diversified in our loan book by strategically focusing on adjacent high growth and profitable lending businesses and further expand our lending and other businesses. We intend to continue to focus on developing a diversified funding model to achieve optimal cost of funds while balancing liquidity and concentration risks. As our cost of borrowings is determined by our financial discipline and business performance, we intend to source funding at competitive rates. In particular, with respect to our credit business, a decrease in cost of borrowings will enable us to price our products in a more competitive manner. We intend to further diversify and strengthen our profile, strategically adding additional funding resources.

### Growth of the business through increasing geographical presence across India

We intend to continue to grow our loan portfolio by expanding our network through the addition of new branches. A good reach to customers is very important in our business. Increased revenue, profitability and visibility are the factors that drive the branch network. Our strategy for branch expansion includes

further strengthening our presence in various parts of India by providing higher accessibility to customers.

### **RISK & Threats**

Management of Advik Capital Limited contemplates the following as risk and threats to its business, namely

1. Being a NBFC, we are subjected to supervision and regulation by the RBI, and any changes in RBI's regulations governing us would affect our business.
2. We depend on the accuracy and completeness of information about customers and counterparties for certain key elements of our credit assessment and risk management process, any misrepresentation, errors in or incompleteness of such information could adversely affect Company's business and financial performance.
3. Since we are evolving business and thus it makes difficult to evaluate our business and future operating results on the basis of our past performance, and our future results may exceed or may not meet our past performance.
4. Our financial performance is particularly vulnerable to interest rate volatility. We need to continuously manage interest rate risk.
5. High levels of customer defaults or delays in repayment of loans. We may not be able to recover, on a timely basis or at all, the full value of collateral or amounts which are sufficient to cover the outstanding amounts due under defaulted loans. .
6. Our indebtedness and the conditions and restrictions imposed by our financing agreements could restrict our ability to conduct our business and operations in the manner we desire.
7. We face increasing competition in our business which may result in declining margins if we are unable to compete effectively.

### **Our Strength**

#### **Experienced Leadership Team**

Our company is managed by people who have a proven track record of delivering results & they possess the right acumen necessary in the build out phase of any organisation. Our senior management have diverse experience in various financial services and functions related to our business. We believe that the knowledge and experience of our senior and mid-level management team members provides us with a significant competitive advantage as we seek to grow our business and expand to new geographies.

#### **Strong Corporate Governance Standards**

Creating an institution that is built to last requires strong corporate governance standards. The governance standards are further strengthened by strong policies and processes enshrined in the Articles of Association and strong human resource. We have successfully placed process of credit evaluation, risk management, technology upliftment and business development. Further, we believe in fair trade practices and follow high standards of governance in managing the business of the Company.

#### **Marketing**

We have dedicated marketing teams who cater to the demands of the customers and ensure that tailor made solutions are offered to attract and retain the customers.

#### **Competition**

We face competition from organized as well as unorganized players in the domestic market. The financial services industry is highly competitive and we expect competition to intensify in the future. We face competition in the lending business from domestic and international banks as well as other NBFCs,

fintech lending platforms and private unorganized lenders. Banks are increasingly expanding into retail loans in the rural and semi-urban areas of India. We are exposed to the risk that these banks continue to expand their operations into the markets in which we operate, which would result in greater competition and lower spreads on our loans. In particular, many of our competitors may have operational advantages in terms of access to cost-effective sources of funding and in implementing new technologies and rationalising related operational costs.

### **Employees**

We believe our human capital is one of our most important strengths and a key driver of growth, efficiency and productivity. We invest in developing our talent and leadership through various initiatives aimed at strengthening the ability of our managers to bring together people, strategies, and execution to drive business results.

### **Corporate Social Responsibility**

The Company's CSR mission is to contribute to the social and economic development of the community through a series of efforts. Company's strategy is to integrate its activities in community development, social responsibility and environmental responsibility and encourage each business unit or function to include these considerations into its operations. The Company, for Corporate Social Responsibility activities, endeavours to promote education and ensure environmental sustainability/ ecological balance etc.

### **HUMAN RESOURCES AND WORK CULTURE**

Your Company is focussed on building a high-performance culture with a growth mindset where employees are engaged and empowered to be the best they can be. Developing and strengthening capabilities of all employees in your Company has remained an ongoing priority.

### **INTERNAL CONTROL SYSTEMS**

Your Company has in place adequate internal financial controls. Such controls have been tested during the year and no reportable material weakness in the design or operation was observed. Nonetheless your Company recognizes that any internal financial control framework, no matter how well designed, has inherent limitations and accordingly, regular audit and review processes ensure that such systems are reinforced on an ongoing basis. Your Company has also put in place comprehensive systems and procedural guidelines concerning other areas of business, which are adequate and necessary considering the size and level of operations of the Company. The management has been making constant efforts to review and upgrade existing systems and processes to gear up and meet the changing needs of the business.

#### **CAUTIONARY STATEMENT**

This Statement contains forward-looking statements about the business, financial performance, skills and prospects of the Company. Statements about the plans, intentions, expectations, beliefs, estimates, predictions or similar expressions for future are forward-looking statements. Forward-looking statements should be viewed in the context of many risk issues and events that could cause actual performance to be different from that contemplated in the Directors' Report and Management Discussions and Analysis Report. Actual results could differ materially from those expressed or implied.

## CORPORATE GOVERNANCE REPORT

Corporate governance is about promoting fairness, transparency, accountability, commitment to values, ethical business conduct and about considering all stakeholders' interest while conducting business.

In accordance with the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and amendments thereto, (the 'SEBI Listing Regulations'), given below are the corporate governance policies and practices of Advik Capital Ltd. (the "Company") for FY 2022-2023.

This report outlines compliance with requirements of the Companies Act, 2013, as amended (the 'Act'), the SEBI Listing Regulations and the Regulations of RBI for NonBanking Financial Companies (the 'NBFC Regulations'), as applicable to the Company. As will be seen, the Company's corporate governance practices and disclosures are well beyond complying with the statutory and regulatory requirements stipulated in the applicable laws.

### COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

For us, corporate governance is a reflection of principles entrenched in our values and policies and also embedded in our day-to-day business practices, leading to value driven growth. The commitment of the Company to the highest standards of corporate governance predates the provisions of the SEBI Listing Regulations and clause 49 of erstwhile Listing Agreement. Ethical dealings, transparency, fairness, disclosure and accountability are the main thrust of the working of the Company. The Company maintains the same tradition and commitment.

Your Company's Corporate Governance philosophy emphasizes on fair and transparent governance and disclosure practices. This philosophy is backed by principles of Concern, Commitment, Ethics, Excellence and Responsibility in its relationship with the stakeholders, clients, associates and public at large. The Company believes that Corporate Governance is a continuous process deeply rooted and evident from the practices being followed by it. The Company thence strives to improve its practices and procedures to provide for fair and adequate transparency at all levels.

The structure of Corporate Governance is many folds and ensured at all levels by the Executive Directors, Key Managerial Personnel, Board Committees and Board of Directors, respectively. The Business of the Company is conducted in the manner commensurate with the corporate governance philosophy of the Company.

### BOARD'S COMPOSITION AND INDEPENDENCE

In compliance with the provisions of the Listing Regulations, the Company has optimum combination of executive and nonexecutive directors with three women independent directors. The Company has a Non-Executive Chairperson. According to provisions of the Listing Regulations, if the Chairperson is a Non-Executive Director, at least one third of the Board of the Company should consist of Independent Directors.

Accordingly, the Board of the Company consists of seven Directors, of whom four are Non-Executive Independent Directors, that includes chairperson and three are Executive Directors. The Board has no institutional Nominee Directors. The Company is in compliance with the Listing Regulations. The composition of the Board represents an optimal mix of professionalism, knowledge and experience and enables the Board to discharge its responsibilities and provide effective leadership to the business.

In keeping with the commitment to the Management for the principle of integrity and transparency in business operations for good corporate governance, the Company's policy is to have an appropriate blend of independent and NonIndependent Directors to maintain the independence of the Board and to separate the Board functions of governance and management.

## COMPOSITION OF THE BOARD

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF ADVIK CAPITAL LIMITED

#### Report on the Audit of the Standalone financial statements

##### Opinion

We have audited the accompanying Standalone financial statements of Advik Capital Limited (“the Company”), which comprise the Balance Sheet as at March 31st, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and Notes to the Standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the Profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

##### Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

##### Other Information

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibility for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence

obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. Further to our comments in the **Annexure A**, as required by Section 143(3) of the Act, based on our audit we report that:

**ANNEXURE “A” TO THE INDEPENDENT AUDITOR'S REPORT**  
**(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Advik Capital Limited of even date)**

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
- (a) (A) According to the information and explanations given to us and the records examined by us, the Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
  - (B) According to the information and explanations given to us and the records examined by us, the Company has maintained proper records showing full particulars of Intangible Assets.
  - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, plant and equipment by which all Property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain material Property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
  - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.
  - (d) According to the information and explanations given to us and the records examined by us, the company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets during the year.
  - (e) According to the information and explanations given to us and the records examined by us, there are no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- ii. In respect of the Company's Inventory:
- (a) The Company in the business of rendering non-banking financial services and trading in shares/securities, consequently, does not hold any physical inventory. Therefore, the provisions of clause 3(ii)(a) of the Order are not applicable to the Company.
  - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. Therefore, reporting under paragraph 3(ii)(b) of the Order is not applicable to the company.
- iii. (a) The company's principal business is to give loans and hence provisions of the clause 3(iii)(a) of the order are not applicable.
- (b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the terms and conditions of term loans granted by the company and investments made by the company are not prejudicial to the company's interest except the following observations:
- As per sanction letter, Term Loans granted under consortium of Rs 7170 Lakhs (balance as on 31st March 2023) are secured by way of charge on assets and corporate guarantee of promoters of borrower. However as on balance sheet date no charge on assets and no corporate guarantee has been made/created in favor of company and thus said loans are stated as unsecured in the financial statements of the company.

- Investments done in equity in another company at cost price of Rs 2533.00 Lakhs has been remeasured at fair value of Rs 1334.55 Lakhs (based on valuation report) as on 31st March 2023, significantly lower than the cost price.

As explained and confirmed by the management of the company, there is no guarantees and security provided by the company to companies, firms, Limited Liability Partnerships or any other parties during the year.

- (c) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion, the company has granted term loans under consortium where the schedule of payment of interest is not stipulated and granted loans which are repayable on demand where repayment schedule of principal and payment of interest is not stipulated. Hence in the absence of same, we are unable to make a specific comment on the regularity of repayment of principal and payment of interest in respect of such loans are regular or not.

According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion, loans where repayment schedule of principal has been stipulated, receipts of principal are in accordance with said schedule.

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in case where schedule repayment of principal and payment of interest has been stipulated, there are no amounts of loans and advances in the nature of loans granted to companies or any other parties which are overdue for more than ninety days
- (e) The company's principal business is to give loans and hence provisions of clause 3(iii)( e) of the order are not applicable.
- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, as disclosed in note 13 to the standalone financial statements, the Company has granted loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies or any other parties. Of these following are the details of the aggregate amount of loans or advances in the nature of loans granted to promoters or related parties as defined in clause (76) of section 2 of the Companies Act, 2013:

	<b>All Parties</b>	<b>Promoters</b>	<b>Related Parties</b>
Aggregate amount of loans/ advances in nature of loans			
– Repayable on demand (A)	Rs. 4404.56 Lakhs	NIL	NIL
– Agreement does not specify any terms or period of repayment (B)	NIL		
Total (A+B)	Rs. 4404.56 Lakhs	NIL	NIL
Percentage of loans/ advances in nature of loans to the total loans	38.05%	NIL	NIL

- iv. The Company, being an NBFC registered with the RBI and engaged in the business of giving loans in ordinary course of its business, is exempt from complying with the provisions of section 186 of the Act with respect to loans, guarantees, security and investments.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- vi. According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Companies Act, 2013 for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

- vii. (a) In our opinion and according to the information and explanations given to us and the records examined by us, undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Customs Duty, Excise Duty, Value Added Tax, Cess, and any other statutory dues, as applicable have been regularly deposited with the appropriate authorities.
- (b) According to the information and explanations given to us and the records examined by us, there are no dues of GST, Provident Fund, Central Excise, Income Tax, Entry Tax, Custom Duty, TDS, Service Tax and Value Added Tax which has not been deposited on account of any dispute.
- viii. According to the information and explanations given to us and the records examined by us, there are no such transactions which are not recorded in the books of account and have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. (a) Loans amounting to Rs. 7259.20 Lakhs are such loans where specific schedule of repayment of principal and payment of interest is not stipulated in the agreements. As per agreements, these loans are required to repaid on or before the date of validity of agreement and interest are to be paid on demand basis. There is no instance of default in repayment of principal and payment of interest. **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

**OPINION**

We have audited the internal financial controls over financial reporting of ADVIK CAPITAL LIMITED (“the Company”) as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

**Management’s Responsibility for Internal Financial Controls**

The Management of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls Over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls System Over Financial Reporting

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's Internal Financial Control Over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's Internal Financial Controls Over Financial Reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of Internal Financial Controls Over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls Over Financial Reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**(B) STATEMENT OF COMPLIANCE**

The financial statements for the year ended March 31, 2023 have been prepared by the Company in accordance with Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, and other applicable regulatory norms/guidelines/framework. The Standalone Balance Sheet, Statement of Profit and Loss and Statement of Changes in Equity are prepared and presented as per the requirements of Division III of Schedule III to the Companies Act, 2013 applicable for Non- Banking Financial Companies (NBFC).

**2. SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies applied in preparation of the Standalone Financial Statements are as given below:

**2.1 Basis of Preparation of Financial Statements**

These Standalone Financial Statements have been prepared on going concern basis following accrual system of accounting. The assets and liabilities have been measured at historical cost or at amortised cost or at fair value at the end of each reporting period.

**2.2 Basis of Measurement**

The financial statements have been prepared on a historical cost basis, except for certain financial instruments that are measured at fair values at the end of each reporting period, defined benefit plan – plan assets measured at fair value, assets held for sale which is measured at lower of cost or fair value less cost of sale. Historical cost is generally based on the fair value of the consideration given for goods and services.

Fair value measurements are categorised into Level 1, 2 or 3 as per Ind AS requirement, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

## 2.3 Property, Plant and Equipment and Investment Property

### Recognition and Measurement

Property, plant and equipment held for use or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. The cost includes non-refundable taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective assets. Assets having individual value of less than Rs. 5,000/- are charged to statement of Profit and Loss in the year of purchase.

Investment Property consists of building let out to earn rentals. The Company follows cost model for measurement of investment property.

### Depreciation

Depreciation is provided using the written down value method over the useful life as prescribed under Schedule II to the Companies Act, 2013. Depreciation is calculated on pro-rata basis, including the month of addition and excluding the month of sale/disposal. Leasehold improvements are amortised over the underlying lease term on a straight line basis. Residual value in respect of Buildings and Vehicles is considered as 5% of the cost and in case of other assets 'Nil'.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

### De-recognition

An item of property, plant and equipment or investment property is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment or investment property is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

### Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses to acquire property, plant and equipment. Assets that are not ready to intended use are also shown under capital work-in-progress.

## 2.4 Intangible Assets

### Recognition and measurement

Intangible assets are recognized at cost of acquisition which includes all expenditure that can be directly attributed or allocated on a reasonable and consistent basis, to create, produce or making the asset ready for its intended use.

### Amortisation

Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

### De-recognition

An intangible asset is de-recognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, is recognised in profit or loss when the asset is de-recognized.

## 2.5 Revenue Recognition

### Interest income on loans

The Company recognizes interest income using Effective Interest Rate (EIR) on all financial assets subsequently measured at amortized cost or fair value through other comprehensive

income (FVOCI). EIR is calculated by considering any fees and all incremental costs that are directly attributable to acquisition of a financial asset and it represents a rate that exactly discounts estimated future cash payments/receipts through the expected life of the financial asset to the gross carrying amount of a financial asset or to the amortized cost of a financial liability.

The Company recognizes interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets. In case of credit-impaired financial assets regarded as 'Stage 3', the Company recognizes interest income on the net amortized cost of financial assets at EIR. If financial asset is no longer credit-impaired Company reverts to calculating interest income on a gross basis.

Additional interest / overdue interest/penal charges are recognized only when it is reasonably certain that the ultimate collection will be made.

#### **Commission income**

Income from business correspondent services is recognized as and when the services are rendered as per agreed terms and conditions of the contract.

#### **Dividend Income**

Dividend income is recognized at the time when the right to receive is established by the reporting date.

#### **Rental Income**

Rental income from investment property is recognised as part of revenue from operations in profit or loss on a straight line basis over the term of the lease except where the rentals are structured to increase in line with expected general inflation. Lease incentives granted are recognised as an integral part of the total rental income, over the term of the lease. Rental income from sub-leasing is also recognised in a similar manner and included under other income.

#### **Sale of Securities**

Revenue from sale of securities is recognised to the extent that it can be reliably measured and is probable that the economic benefits will flow to the company.

#### **Miscellaneous Income**

All other income is recognized on an accrual basis, when there is no uncertainty in the ultimate realization/ collection.

### **2.6 Borrowing costs**

Borrowing costs consists of interest and other cost that the Company incurred in connection with the borrowing of funds. Borrowing costs charged to the Statement of Profit and Loss on the basis of effective interest rate method.

### **2.7 Income Taxes**

#### **Current tax**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the tax payable on the taxable income or loss for the year and any adjustment to the tax payable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and liability on a net basis.

### **Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable income. Deferred tax is measured at the tax rates based on the laws that have been enacted or substantively enacted by the reporting date, based on the expected manner of realisation or settlement of the carrying amount of assets/liabilities. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against liabilities, and they relate to income taxes levied by the same tax authority.

A deferred tax liability is recognised for all taxable temporary differences. A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that future taxable profits will be available against which the deductible temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

## **2.8 Employee benefits**

### **Short term employee benefits**

Short term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

### **Other long term employee benefits**

Benefits under the Company's leave encashment constitute other long term employee benefits. The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have present value, and the fair value of any related assets is deducted. The calculation is performed using the projected unit credit method. Any gains or losses are recognized in profit or loss in the period in which they arise.

## **2.9 Cash and Cash Equivalent**

Cash and comprises cash on hand and demand deposits. The Company considers cash equivalents as all short- term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

## **2.10 Equity Investment in Subsidiaries**

Investments representing equity interest in subsidiaries are accounted for at cost in accordance with Ind AS 27 Separate Financial Statements.

## **2.11 Provisions contingent assets and contingent liabilities**

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for, Possible obligations which will be confirmed only by future events not wholly within the control of the Company or Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized but disclosed where an inflow of economic benefits is probable.

## **2.12 Leases**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

### **The Company as lessor**

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Company's net investment outstanding in respect of the leases.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

### **The Company as lessee**

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

## **2.13 Foreign currency**

### **Functional And presentation currency**

Items included in the financial statement of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements have been prepared and presented in Indian Rupees (INR), which is the Company's functional and presentation currency.

### **Transaction and Balances**

Foreign currency transactions are translated into the functional currency, by applying the exchange rates on the foreign currency amounts at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the Statement of Profit and Loss in the year in which they arise.

## **2.14 Segment reporting**

The Company identifies segment basis of the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are regularly reviewed by the CODM ('chief operating decision maker') and in assessing performance. The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship with the operating activities of the segment.

### 2.15 Use of Judgements and Estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities and assets) as on the date of the financial statements and the reported income and expenses for the reporting period. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

### 2.16 Earning Per Share

Basic earnings per equity share is calculated by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

To calculate diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### 2.17 Dividends

Final dividends are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Board of Directors of the Company.

### 2.18 Impairment of Non-Financial Assets

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. Recoverable amount is higher of an asset's net selling price and its value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the reporting date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses are recognised in profit and loss. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

### 2.19 Impairment of Financial Assets

The Company recognises impairment allowances for ECL on all the financial assets that are not measured at FVTPL:

Financial assets that are debt instruments Lease receivables

Financial guarantee contracts issued Loan commitment issued

No impairment loss is recognised on equity investments

ECL are probability weighted estimate of credit losses. They are measured as follows:

Financial assets that are not credit impaired- as the present value of all cash shortfalls that are possible within 12 months after the reporting date.

Financial assets with significant increase in credit risk but not credit impaired – as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial asset.

Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows

With respect to trade receivables and other financial assets, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For financial assets at FVTOCI, the loss allowance is recognised in OCI.

Loan assets – The Company follows a 'three-stage' model for impairment based on changes in credit quality since initial recognition as summarized below:

Stage 1 includes loan assets that have not had a significant increase in credit risk since initial recognition or that have low credit risk at the reporting date.

Stage 2 includes loan assets that have had a significant increase in credit risk since initial recognition but that do not have objective evidence of impairment.

Stage 3 includes loan assets that have objective evidence of impairment at the reporting date.

The Expected Credit Loss (ECL) is measured at 12-month ECL for Stage 1 loan assets and at lifetime ECL for Stage 2 and Stage 3 loan assets.

#### **Write-off**

Financial assets are written off either partially or in their entirety to the extent that there is no realistic prospect of recovery. Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss.

## **2.20 Financial instruments**

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### **Initial recognition and measurement**

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs. Subsequent measurement of financial assets and financial liabilities is described below.

#### **(A) Non-derivative financial assets**

##### **Subsequent Measurement**

**Financial assets carried at amortized cost** – a financial asset is measured at the amortized cost if both the following conditions are met:

The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective

interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the Statement of Profit and Loss.

**Financial assets (debt instruments e.g. loans) are measured at FVOCI when both of the following conditions are met :**

The instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets.

The contractual terms of the financial asset meet the SPPI test.

FVOCI debt instruments are subsequently measured at fair value with gains and losses arising due to changes in fair value recognized in OCI. Interest income are recognized in profit or loss in the same manner as for financial assets measured at amortized cost.

**Financial assets measured at FVPL** – FVPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL, with all changes recognized in the P&L.

#### **Derecognition of Financial Assets**

Financial assets (or where applicable, a part of financial asset or part of a group of similar financial assets) are de-recognized (i.e. removed from the Company's balance sheet) when the contractual rights to receive the cash flows from the financial asset have expired, or when the financial asset and substantially all the risks and rewards are transferred. Further, if the Company has not retained control, it shall also de-recognize the financial asset and recognize separately as assets or liabilities any rights and obligations created or retained in the transfer.

#### **(B) Non Derivatives Financial Liabilities**

##### **Subsequent Measurement**

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortized cost using the effective interest method.

##### **Derecognition of Financial Liabilities**

A financial liability is de-recognized when the obligation under the liability is discharged or canceled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-Recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

### **2.21 Fair value measurement**

The Company measures financial instruments at fair value at each balance sheet date using valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability, or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured are categorized with fair value hierarchy into Level I, Level II and Level III based on level of input.

### **2.22 Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet when the Company has a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

**Note No. 29 : Capital Management**

The primary objective of the Company's capital management policy is to ensure that the Company complies with capital adequacy requirements required by the Reserve Bank of India and maintain strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholders value.

The Company's capital management objectives are :

- to ensure the Company's ability to continue as a going concern
- to comply with externally imposed capital requirement and maintain strong credit ratings
- to provide an adequate return to shareholders

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the sub-ordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets (including investments in Subsidiary companies). In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

**(B) Fair values hierarchy**

Financial assets and financial liabilities are measured at fair value in the financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

The categories used are as follows:

Level 1 : Quoted prices (unadjusted) for identical instruments in an active market;

Level 2 : Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs;

Level 3 : Inputs which are not based on observable market data (unobservable inputs).

**Valuation technique used to determine fair value**

The fair value of a financial instrument on initial recognition is normally the transaction price (fair value of the consideration given or received). Subsequent to initial recognition, the Company determines the fair value of financial instruments that are quoted in active markets using the quoted bid prices (financial assets held) or quoted ask prices (financial liabilities held) and using valuation techniques for other instruments. Valuation techniques include discounted cash flow method, market comparable method, recent transactions happened in the Company and other valuation models. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

**Valuation process and technique used to determine fair value**

Specific valuation techniques used to value financial instruments include:

Eligible loans valued by discounting the aggregate future cash flows (both principal and interest cash flows) with credit risk-adjusted discounting rate for the remaining portfolio tenor. The Company has considered the average valuation impact arrived using risk free, cost of funds and yield free securitization approach.

The use of net asset value for certificate of deposits and mutual funds on the basis of the statement received from investee party.

The value of derivative contracts are determined using forward exchange rates at Balance Sheet date.

**(C) Fair value of instruments measured at amortized cost**

Fair value of instruments measured at amortized cost for which fair value is disclosed is as follows, these fair values are calculated using Level 3 inputs:

The management assessed that fair values of cash and cash equivalents, other bank balances, trade receivables and trade payables approximate their respective carrying amounts, largely due to the short-term maturities of these instruments.

**Note No. 33 : Financial Risk Management**

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company risk management framework. The Company manages the risk basis policies approved by the board of directors. The board of directors provides written principles for overall risk management.

**A) Credit risk**

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, other bank balances, investments, loan assets, trade receivables and other financial assets. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

**Credit Risk Management**

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company has established a credit quality review process to provide early identification of possible changes in the creditworthiness of counterparties, including regular collateral revisions. The Company assigns the following Credit ratings to each class of financial assets based on the assumption, Input and factor specific to the class of financial assets.

- (i) Low credit risk
- (ii) Moderate credit risk
- (iii) High credit risk

The company provides for expected credit loss based on the following:

Nature	Assets covered	Basis of expected credit loss
Low credit risk	Cash and cash equivalents (excluding cash on hand), other bank balances, investments, loans, trade receivables and other financial assets	Life time expected credit loss or 12 month expected credit loss
Moderate credit risk	Loans and other financial assets	Life time expected credit loss or 12 month expected credit loss
High credit risk	Loans	Life time expected credit loss or fully provided for

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets (other than Loans) in the balance sheet

Particulars	Note No.	As at 31 March 2023	As at 31 March 2022
(a) Cash and Cash Equivalents	3	134.21	6.79
(b) Investments	5	1497.99	148.44
(c) Other Financial Assets	6	220.76	100.79

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

Credit risk on cash and cash equivalents and bank deposits is generally limited as the Company transacts with Banks having a high credit ratings assigned by domestic credit rating agencies.

## B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities (other than derivatives) that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

The Company maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors the Company's liquidity positions (also comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. The Company also takes into account liquidity of the market in which the entity operates.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:-

	As at 31 March 2023					
	Carrying amount	Less than 6 months	6 to 12 months	1 to 2 years	> 2 years	Total
(a) Trade Payables	0.80	0.80	–			0.80

(b) Borrowings	288.70		288.70	–	–	288.70
(c) Other Financial Liabilities	7.09		7.09			7.09

## C) Market Risk – Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates related primarily to the Company's borrowings with floating interest rates.

### Exposure to interest rate risks

The interest rate risk arises majorly from the borrowings carrying floating rate of interest. These obligations exposes the entity to cash flow interest rate risk. The company does not have any borrowings bearing floating rate of interest.

## D) Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is exposed to currency risk on account of its borrowings, receivables and other payables in foreign currency. The functional currency of the company is Indian Rupee.

The foreign currency exchange management policy is to minimize economic and transactional exposures arising from currency movements against the US dollar & Euro. The Company manages the risk by netting off naturally occurring opposite exposures wherever possible, and then dealing with any material residual foreign currency exchange risks if any. The company does not have borrowings, receivables and other payables in foreign currency and hence does not have any currency risk.

**INDEPENDENT AUDITOR'S REPORT****TO THE MEMBERS OF ADVIK CAPITAL LIMITED****Report on the Audit of the Consolidated financial statements****Opinion**

We have audited the accompanying Consolidated financial statements of Advik Capital Limited (“hereinafter referred to as “the Holding company”) and its subsidiaries (Holding Company and its subsidiaries together referred to as “the Group”) which comprise the Balance Sheet as at March 31st, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and Notes to the Consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the group as at March 31, 2023, the consolidated Profit and total comprehensive income, consolidated changes in equity and consolidated cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

**Other Information**

The Holding Company's management and board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Holding company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

We have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Holding Company's Management and Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management and Board of Directors of the companies included in the group are responsible for assessing each Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors are also responsible for overseeing the financial reporting process of each company.

**Auditor's Responsibility for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on internal financial controls system with reference to consolidated financial statements and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If

we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Other Matters**

We did not audit the financial statements of one Subsidiary M/s Advik Optoelectronics Limited whose financial statements reflects total assets of Rs. 690.42 Lakhs as at March 31st 2023, total revenue of Rs. 629.97 Lakhs, total net profit after taxes of Rs. 0.67 Lakhs, total comprehensive income (comprising of profit and other comprehensive income) of Rs. 0.67 Lakhs and net cash inflows amounting to Rs. **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

**Opinion**

We have audited the internal financial controls over financial reporting of ADVIK CAPITAL LIMITED (hereinafter referred to as “the Holding Company”) and its subsidiaries (Holding Company and its subsidiaries together referred to as “the Group”) as of March 31, 2023 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the other matters paragraph below, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2023, based on the criteria for internal financial controls with reference to financial statements established by the respective companies considering the essential components of internal control stated in the guidance note.

**Management's Responsibility for Internal Financial Controls**

The respective company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Internal financial controls over financial reporting with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls Over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Internal Financial Controls System Over Financial Reporting with reference to consolidated financial statements.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's Internal Financial Control Over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's Internal Financial Controls Over Financial Reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of Internal Financial Controls Over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls Over Financial Reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Other matters**

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to a subsidiary company M/s Advik Optoelectronics Limited, which is company incorporated in India, is based solely on the corresponding report of the auditors of this company incorporated in India. Further with respect to a subsidiary company included in the consolidated financial statements, which is a company incorporated in India, have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the internal financial controls with reference to financial statements, in so far as it relates to the internal financial controls with reference to financial statements in respect of this subsidiary, is based solely on the corresponding report of the auditors' of this Company incorporated in India.

Our opinion is not modified in respect of the above matters.

**(B) STATEMENT OF COMPLIANCE**

The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as “IndAS”) prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, as amended from time to time and other relevant provisions of the Act.

**2. SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies applied in preparation of the Standalone Financial Statements are as given below:

**2.1 Basis of Preparation of Financial Statements**

The consolidated financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**2.2 Basis of consolidation**

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company i.e. its subsidiaries. It also includes the Group’s share of profits, net assets and retained post acquisition reserves of joint arrangements and associates that are consolidated using the equity or proportionate method of consolidation, as applicable.

Control is achieved when the Company is exposed to, or has rights to the variable returns of the entity and the ability to affect those returns through its power to direct the relevant activities of the entity.

The results of subsidiaries, joint arrangements and associates acquired or disposed off during the year are included in the consolidated statement of profit and loss from the effective date of acquisition or up to the effective date of disposal, as appropriate.

Wherever necessary, adjustments are made to the financial statements of subsidiaries, joint arrangements and associates to bring their accounting policies in line with those used by other members of the Group.

Intra-group transactions, balances, income and expenses are eliminated on consolidation.

Non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the Group's equity. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by acquisition basis. Subsequent to acquisition, the carrying value of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if it results in the non-controlling interests having a deficit balance.

### **2.3 Basis of Measurement**

The financial statements have been prepared on a historical cost basis, except for certain financial instruments that are measured at fair values at the end of each reporting period, defined benefit plan – plan assets measured at fair value, assets held for sale which is measured at lower of cost or fair value less cost of sale. Historical cost is generally based on the fair value of the consideration given for goods and services.

Fair value measurements are categorised into Level 1, 2 or 3 as per IndAS requirement, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

### **2.4 Property, Plant and Equipment and Investment Property**

#### **Recognition and Measurement**

Property, plant and equipment held for use or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. The cost includes non-refundable taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective assets. Assets having individual value of less than Rs. 5,000/- are charged to statement of Profit and Loss in the year of purchase.

Investment Property consists of building let out to earn rentals. The Company follows cost model for measurement of investment property.

#### **Depreciation**

Depreciation is provided using the written down value method over the useful life as prescribed under Schedule II to the Companies Act, 2013. Depreciation is calculated on pro-rata basis, including the month of addition and excluding the month of sale/disposal. Leasehold improvements are amortised over the underlying lease term on a straight line basis. Residual value in respect of Buildings and Vehicles is considered as 5% of the cost and in case of other assets 'Nil'.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

**De-recognition**

An item of property, plant and equipment or investment property is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment or investment property is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

**Capital work-in-progress**

Capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses to acquire property, plant and equipment. Assets that are not ready to intended use are also shown under capital work-in-progress.

**2.5 Intangible Assets****Recognition and measurement**

Intangible assets are recognized at cost of acquisition which includes all expenditure that can be directly attributed or allocated on a reasonable and consistent basis, to create, produce or making the asset ready for its intended use.

**Amortisation**

Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

**De-recognition**

An intangible asset is de-recognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, is recognised in profit or loss when the asset is de-recognized.

**2.6 Revenue Recognition****Interest income on loans**

The Company recognizes interest income using Effective Interest Rate (EIR) on all financial assets subsequently measured at amortized cost or fair value through other comprehensive income (FVOCI). EIR is calculated by considering any fees and all incremental costs that are directly attributable to acquisition of a financial asset and it represents a rate that exactly discounts estimated future cash payments/receipts through the expected life of the financial asset to the gross carrying amount of a financial asset or to the amortized cost of a financial liability.

The Company recognizes interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets. In case of credit-impaired financial assets regarded as 'Stage 3', the Company recognizes interest income on the net amortized cost of financial assets at EIR. If financial asset is no longer credit-impaired Company reverts to calculating interest income on a gross basis.

Additional interest/overdue interest/penal charges are recognized only when it is reasonably certain that the ultimate collection will be made.

**Sale of Product**

Revenue from sale of products is recognised when control of the products has transferred, being when the products are delivered to the customer. Delivery occurs when the products have been shipped or delivered to the specific location as the case may be, the risk of loss has been transferred, and either the customer has accepted the products in accordance with the

sales contract, or the Group has objective evidence that all criteria for acceptance have been satisfied. Sale of products include related ancillary services, if any.

#### **Commission income**

Income from business correspondent services is recognized as and when the services are rendered as per agreed terms and conditions of the contract.

#### **Rental Income**

Rental income from investment property is recognised as part of revenue from operations in profit or loss on a straight line basis over the term of the lease except where the rentals are structured to increase in line with expected general inflation. Lease incentives granted are recognised as an integral part of the total rental income, over the term of the lease. Rental income from sub-leasing is also recognised in a similar manner and included under other income.

#### **Sale of Securities**

Revenue from sale of securities is recognised to the extent that it can be reliably measured and is probable that the economic benefits will flow to the company.

#### **Dividend Income**

Dividend income is recognized at the time when the right to receive is established by the reporting date.

#### **Miscellaneous Income**

All other income is recognized on an accrual basis, when there is no uncertainty in the ultimate realization / collection.

### **2.7 Borrowing costs**

Borrowing costs consists of interest and other cost that the Company incurred in connection with the borrowing of funds. Borrowing costs charged to the Statement of Profit and Loss on the basis of effective interest rate method.

### **2.8 Income Taxes**

#### **Current tax**

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the tax payable on the taxable income or loss for the year and any adjustment to the tax payable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and liability on a net basis.

#### **Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable income. Deferred tax is measured at the tax rates based on the laws that have been enacted or substantively enacted by the reporting date, based on the expected manner of realisation or settlement of the carrying amount of assets/liabilities. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against liabilities, and they relate to income taxes levied by the same tax authority.

A deferred tax liability is recognised for all taxable temporary differences. A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that future taxable profits will be available against which the deductible temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

## **2.9 Employee benefits**

### **Short term employee benefits**

Short term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

### **Other long term employee benefits**

Benefits under the Company's leave encashment constitute other long term employee benefits. The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have present value, and the fair value of any related assets is deducted. The calculation is performed using the projected unit credit method. Any gains or losses are recognized in profit or loss in the period in which they arise.

## **2.10 Cash and Cash Equivalent**

Cash and comprises cash on hand and demand deposits. The Company considers cash equivalents as all short- term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

## **2.11 Equity Investment in Subsidiaries**

Investments representing equity interest in subsidiaries are accounted for at cost in accordance with IndAS 27 Separate Financial Statements.

## **2.12 Provisions contingent assets and contingent liabilities**

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for, Possible obligations which will be confirmed only by future events not wholly within the control of the Company or Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized but disclosed where an inflow of economic benefits is probable.

## **2.13 Leases**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

### **The Company as lessor**

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Company's net investment outstanding in respect of the leases.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

#### **The Company as lessee**

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

### **2.14 Foreign currency**

#### **Functional And presentation currency**

Items included in the financial statement of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements have been prepared and presented in Indian Rupees (INR), which is the Company's functional and presentation currency.

#### **Transaction and Balances**

Foreign currency transactions are translated into the functional currency, by applying the exchange rates on the foreign currency amounts at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the Statement of Profit and Loss in the year in which they arise.

### **2.15 Segment reporting**

The Company identifies segment basis of the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are regularly reviewed by the CODM ('chief operating decision maker') and in assessing performance. The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship with the operating activities of the segment.

### **2.16 Use of Judgements and Estimates**

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities and assets) as on the date of the financial statements and the reported income and expenses for the reporting period. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

### **2.17 Earning Per Share**

Basic earnings per equity share is calculated by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

To calculate diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### **2.18 Dividends**

Final dividends are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Board of Directors of the Company.

### **2.19 Impairment of Non-Financial Assets**

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. Recoverable amount is higher of an asset's net selling price and its value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the reporting date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses are recognised in profit and loss. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

### **2.20 Impairment of Financial Assets**

The Company recognises impairment allowances for ECL on all the financial assets that are not measured at FVTPL :

Financial assets that are debt instruments Lease receivables

Financial guarantee contracts issued Loan commitment issued

No impairment loss is recognised on equity investments

ECL are probability weighted estimate of credit losses. They are measured as follows:

Financial assets that are not credit impaired- as the present value of all cash shortfalls that are possible within 12 months after the reporting date.

Financial assets with significant increase in credit risk but not credit impaired – as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial asset.

Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

With respect to trade receivables and other financial assets, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For financial assets at FVTOCI, the loss allowance is recognised in OCI.

**Loan assets** - The Company follows a 'three-stage' model for impairment based on changes in credit quality since initial recognition as summarized below:

Stage 1 includes loan assets that have not had a significant increase in credit risk since initial recognition or that have low credit risk at the reporting date.

Stage 2 includes loan assets that have had a significant increase in credit risk since initial recognition but that do not have objective evidence of impairment.

Stage 3 includes loan assets that have objective evidence of impairment at the reporting date.

The Expected Credit Loss (ECL) is measured at 12-month ECL for Stage 1 loan assets and at lifetime ECL for Stage 2 and Stage 3 loan assets.

#### **Write-off**

Financial assets are written off either partially or in their entirety to the extent that there is no realistic prospect of recovery. Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss.

### **2.21 Financial instruments**

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### **Initial recognition and measurement**

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs. Subsequent measurement of financial assets and financial liabilities is described below.

#### **(A) Non-derivative financial assets**

##### **Subsequent Measurement**

Financial assets carried at amortized cost – a financial asset is measured at the amortized cost if both the following conditions are met:

The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the Statement of Profit and Loss.

Financial assets (debt instruments e.g. loans) are measured at FVOCI when both of the following conditions are met:

The instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets.

The contractual terms of the financial asset meet the SPPI test.

FVOCI debt instruments are subsequently measured at fair value with gains and losses arising due to changes in fair value recognized in OCI. Interest income are recognized in profit or loss in the same manner as for financial assets measured at amortized cost.

Financial assets measured at FVPL – FVPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL, with all changes recognized in the P&L.

#### **Derecognition of Financial Assets**

Financial assets (or where applicable, a part of financial asset or part of a group of similar financial assets) are de- recognized (i.e. removed from the Company's balance sheet) when the contractual rights to receive the cash flows from the financial asset have expired, or when the financial asset and substantially all the risks and rewards are transferred. Further, if the Company has not retained control, it shall also de-recognize the financial asset and recognize separately as assets or liabilities any rights and obligations created or retained in the transfer.

### **(B) Non Derivatives Financial Liabilities**

#### **Subsequent Measurement**

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortized cost using the effective interest method.

#### **Derecognition of Financial Liabilities**

A financial liability is de-recognized when the obligation under the liability is discharged or canceled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de- recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

### **2.22 Fair value measurement**

The Company measures financial instruments at fair value at each balance sheet date using valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability, or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured are categorized with fair value hierarchy into Level I, Level II and Level III based on level of input.

### **2.23 Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet when the Company has a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

**(B) Fair values hierarchy**

Financial assets and financial liabilities are measured at fair value in the financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

The categories used are as follows:

Level 1: Quoted prices (unadjusted) for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs;

Level 3: Inputs which are not based on observable market data (unobservable inputs).

**Valuation technique used to determine fair value**

The fair value of a financial instrument on initial recognition is normally the transaction price (fair value of the consideration given or received). Subsequent to initial recognition, the Company determines the fair value of financial instruments that are quoted in active markets using the quoted bid prices (financial assets held) or quoted ask prices (financial liabilities held) and using valuation techniques for other instruments. Valuation techniques include discounted cash flow method, market comparable method, recent transactions happened in the Company and other valuation models. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

**Valuation process and technique used to determine fair value**

Specific valuation techniques used to value financial instruments include:

Eligible loans valued by discounting the aggregate future cash flows (both principal and interest cash flows) with credit risk-adjusted discounting rate for the remaining portfolio tenor. The Company has considered the average valuation impact arrived using risk free, cost of funds and yield free securitization approach.

The use of net asset value for certificate of deposits and mutual funds on the basis of the statement received from investee party.

The value of derivative contracts are determined using forward exchange rates at Balance Sheet date.

**(C) Fair value of instruments measured at amortized cost**

Fair value of instruments measured at amortized cost for which fair value is disclosed is as follows, these fair values are calculated using Level 3 inputs:

The management assessed that fair values of cash and cash equivalents, other bank balances, trade receivables and trade payables, loans, borrowings, other financial assets and other financial liabilities approximate their respective carrying amounts, largely due to the short-term maturities of these instruments.

**Note No. 35 : Financial Risk Management**

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company risk management framework. The Company manages the risk basis policies approved by the board of directors. The board of directors provides written principles for overall risk management.

## A) Credit risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, other bank balances, investments, loan assets, trade receivables and other financial assets. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

### Credit Risk Management

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company has established a credit quality review process to provide early identification of possible changes in the creditworthiness of counterparties, including regular collateral revisions. The Company assigns the following Credit ratings to each class of financial assets based on the assumption, Input and factor specific to the class of financial assets.

- (i) Low credit risk
- (ii) Moderate credit risk
- (iii) High credit risk

The company provides for expected credit loss based on the following:

Nature	Assets covered	Basis of expected credit loss
Low credit risk	Cash and cash equivalents (excluding cash on hand), other bank balances, investments, loans, trade receivables and other financial assets	Life time expected credit loss or 12 month expected credit loss
Moderate credit risk	Loans and other financial assets	Life time expected credit loss or 12 month expected credit loss
High credit risk	Loans	Life time expected credit loss or fully provided for

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets (other than Loans) in the balance sheet

Particulars	Note No.	As at 31 March, 2023	As at 31 March, 2022
(a) Cash and Cash Equivalents	3	142.86	26.06
(b) Bank Balance other than Cash & cash equivalents	4	1.23	1.15
(c) Trade Receivables	5	340.00	101.77
(d) Investments	7	1433.03	0.00
(e) Other Financial Assets	8	248.28	140.14

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

Credit risk on cash and cash equivalents and bank deposits is generally limited as the Company transacts with Banks having a high credit ratings assigned by domestic credit rating agencies.

## B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities (other than derivatives) that are settled by delivering cash or another financial

asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

The Company maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors the Company's liquidity positions (also comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. The Company also takes into account liquidity of the market in which the entity operates.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:-

	As at 31 March 2023					
	Carrying amount	Less than 6 months	6 to 12 months	1 to 2 years	> 2 years	Total
(a) Trade Payables	279.79	279.79	–	–	–	279.79

(c) Other Financial Liabilities	56.63	–	56.63	–	–	56.63

### C) Market Risk – Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates related primarily to the Company's borrowings with floating interest rates.

#### Exposure to interest rate risks

The Company's interest rate risk arises majorly from the borrowings carrying floating rate of interest. These obligations exposes the Company to cash flow interest rate risk. The exposure of the Company's borrowing to interest rate changes as reported to the management at the end of the reporting period are as follows:

Variable rate instruments	As at 31 March 2023	As at 31 March 2022
Borrowings	115.25	113.23

#### Interest rate sensitivity analysis

A reasonably possible change of 0.5% in interest rates at the reporting date would have increased / (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, remain constant.

Particulars	Statement of Profit and Loss 31.03.2023		Statement of Profit and Loss 31.03.2022	
	0.5% Increase	0.5% Decrease	0.5% Increase	0.5% Decrease
Interest Payable	0.57	(0.57)	0.03	(0.03)

**D) Currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is exposed to currency risk on account of its borrowings, receivables and other payables in foreign currency. The functional currency of the company is Indian Rupee.

The foreign currency exchange management policy is to minimize economic and transactional exposures arising from currency movements against the US dollar & Euro. The Company manages the risk by netting off naturally occurring opposite exposures wherever possible, and then dealing with any material residual foreign currency exchange risks if any. The company does not have borrowings, receivables and other payables in foreign currency and hence does not have any currency risk.
